

7710 INSURANCE

BUILT BY FIRST RESPONDERS FOR FIRST RESPONDERS

Designed by current and former firefighters, and exclusively servicing fire and EMS agencies nationwide, 7710 Insurance is a specialty workers' compensation insurance company. Our team's combined 100 years in the insurance and fire industries have resulted in optimized coverage and custom safety training deeply rooted in experience, integrity and service – building the strongest possible chain and solid, long-term relationships.

Key 7710 Advantages

- BUILT BY FIRST RESPONDERS, FOR FIRST RESPONDERS**
 Our staff of first responders and insurance experts created this innovative WC program to provide for and respond to the 24/7, demanding life of fire and ambulance departments with exceptional claims service, informed underwriting, enlightened loss prevention and custom safety programs. We understand it – because we have lived it.
- PROPRIETARY S.H.I.E.L.D. PROGRAM**
 Our Safety and Health Initiative for Evaluating Loss Defenses (SHIELD) program promotes the health and well-being of emergency service personnel and responsibly protects the resources of each policyholder - with on-site evaluation, best practices training materials, fitness/nutrition and modified duty/return-to-work program support.
- FOCUSED SOLELY ON EMERGENCY SERVICES, NATIONWIDE**
 A singular focus enables our staff to properly underwrite each risk and provide a risk management solution tailored to each individual fire and ambulance department.

Key 7710 Features

- COMPETITIVE PREMIUMS**
 Workers' Compensation insurance for firefighters and paramedics is all we do. We created industry-specific solutions which lead to comprehensive coverage at the most competitive rates.
- STABLE, GUARANTEED COST PROGRAM**
 Our guaranteed cost program is designed to enhance operational and fiscal planning and increase productivity for employers.
- DEDICATED SUPPORT TEAM**
 We offer conscientious and timely claims management. Our problem-solving processes focus on delivering compassionate health resources and expert support and communication systems to get employees back to work quickly and efficiently.
- VALUABLE AGENT NETWORK**
 7710 Insurance offers agents a better market option that strengthens relationships and heightens the ability to acquire new clients.

Ours is a very specific risk management program - not available from a generalized carrier - covering fire, paramedic and water rescue personnel so they can be safer, smarter and more effective. We are currently licensed in 6 states with the ability to write business in 32 additional states through a contractual arrangement with the Benchmark Insurance Company, an A-rated insurance carrier, who then acts as our issuing carrier.

We are dedicated to forging future-forward partnerships with fire/EMS leaders across the U.S. that are looking for a mutual commitment to safety optimization and transparency in problem-solving.
