

RISK MANAGEMENT PROGRAM

Designed by first responders and exclusively servicing emergency and public service entities nationwide, 7710 Insurance is a specialty workers' compensation insurance company with an **integrated service approach that provides a strategic Risk Control team to help organizations with risk management.**

Our Risk Control initiatives are fully aligned with national guidelines and based on a comprehensive model of services designed to reduce exposure, losses and claims. Our team functions an extension of your team - collaborating, interacting and communicating in a holistic approach that includes on-going risk assessments, hands-on evaluations, accident investigations, training and continuous support.

RISK CONTROL TEAM ADVANTAGES

- S.H.I.E.L.D. Program (Safety and Health Initiative for Evaluating Loss Defenses) - fully aligned with national guidelines, a specific combination of cost-conscious evaluation protocols, in-person training and specialized resources to maximize loss prevention and collaboration
- Like-minded and industry-specific experts providing outside perspective and best practices
- Comprehensive approach to organizational safety, culture and leadership solutions
- Accident/incident investigation and root cause analysis solutions for supervisors
- Incident reporting claims data analysis leading to collaborative reduction of future exposures
- Ergonomics Problem Solving (EPS) initiative prioritizing specific operational improvements
- On-site and remote services focused on essential behavioral health and wellness for personnel
- Tailored first responder fitness programs and safe patient-handling techniques designed by 7710 Insurance industry experts
- Dedicated Risk Control Consultant as a direct point-of-contact for solutions, support or someone who understands your world

Risk Control services are complimentary to all 7710 Insurance customers – providing a specific combination of cost-conscious evaluation protocols and specialized resources in a formal and traceable best practices program dedicated to getting everyone home safely.
